EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Scott on 7/6/06.

In claims 1, 18 and 25, the transitional phrase has been changed from "comprising" to - - consisting of - -.

In Claim 28, in line 1, "artificial vision system" has been changed to - - electrode array- -.

Claims 8, 32-56 have been canceled.

In Claim 9, the dependency has been changed to - - 2- - to reflect the cancellation of Claim 8.

Reasons for allowance

The following is an examiner's statement of reasons for allowance: In a phone interview initiated by the Examiner conducted 7/6/06, it was agreed that the essence of the invention is the combination of the substrate with embedded electrodes absent additional structural elements. As such, it was suggested and agreed that a closed-ended claim format would serve to overcome the Edell et al. reference rejection.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
